

Walsh Memorial CE Infant School

School Development Plan 2018-2019

Mathematics

To broaden the mathematics curriculum by embedding reasoning problems to promote children's thinking and mathematical talking.

Early Years

To continue to improve early reading and writing skills by investigating the link with speech and language development.

To increase parental engagement in supporting children to learn at home especially phonics and reading skills.

English

To review the English curriculum to ensure it meets the interests and needs of all learners.

To look for opportunities for exciting and engaging reading and writing lessons.

To support the children in Year Two who did not reach the expected standard in the National Phonic Screening Check

SEND and Inclusion

To ensure the children who have been identified as having SEND make rapid progress supported by appropriate interventions and in class support

Our school lays foundations for future success

by challenging and enabling everyone to thrive

Learning Skills

To develop the memory skills of all children to enable good learning across all subjects

Premises

Apply to Tesco's for support for the Woodland Development Project.

Develop working space for staff.

Replace the train climbing frame

Purchase sound system for hall

Religious Education

For the whole school community to contribute to the assessment of the Christian distinctiveness of our school in preparation for the new SIAMS framework

PSHE

To take an active part in the WSF Anti-bully Project

To continue to promote and celebrate good manners

To finalise the curriculum provision across the school

Behaviour

To ensure the children know and follow the school rules
