Curriculum Overview

Oak National Academy

<https://www.thenational.academy>

2020- 2021

The Oak National Academy is run and managed by the DFE on behalf of the Government. If you are required to self-isolate or there is a national or local lockdown the attached plan will help you decide which lessons are suitable for your child. We have matched the lessons to learning in school wherever possible. There are spare lessons at the bottom which can be watched at any point. You can also watch lessons from before the time your child was not in school but please do not watch lessons from later in the school year. The Oak Academy is planning on updating and adding more lessons and we will review and amend our plans as more lessons become available.
