

The Walsh Way – Our Curriculum Intent: Geography

We teach geography through cross-curricular topics in EYFS and discrete Geography units in KS1.

<p>In our Geography curriculum you will see our value of Love</p> <p>There are many opportunities for the children to investigate and make enquiries about their local area of Ash so that they can develop a real sense of who they are and what makes our local area unique and special.</p> <p>We want our children to love learning about geography, therefore encourage them to undertake new life experiences now and in the future and have knowledge about the area in which they currently live.</p>	<p>In our Geography curriculum you will see our value of Community</p> <p>Our Geography curriculum develops our children's understanding and sense of community. It is designed to develop children's curiosity and fascination about the world as well as provoke and answer questions to create a deeper understanding of the world and their place in it. We are committed to providing our children with the opportunities to investigate a range of places – both in Britain and abroad – to help develop their knowledge and understanding of the Earth's physical and human processes.</p>	<p>In our Geography curriculum you will see our value of Perseverance</p> <p>Our geography curriculum provides a challenging, age-appropriate, accurate knowledge of the location, physical and human characteristics of a wide range of globally significant places. Our children show perseverance as they learn the knowledge to provide a geographical context to study and understand the actions of important geographical processes.</p>
<p>In our Geography curriculum you will see - our school curriculum prioritises reading, basic skills of oral language, literacy, numeracy, and personal, social and health</p> <p>Our geography curriculum promotes our children's moral, social and cultural development helping them to have a greater understanding of their place in the world, and their rights and responsibilities to other people and the environment.</p>	<p>Subject Geography</p> 	<p>In our Geography curriculum you will see that we value inclusion and diversity</p> <p>Through their growing knowledge and understanding of human geography, our children gain an appreciation of life in other cultures as well as finding out about the physical world, which enables them to recognise the importance of sustainable development for the future of mankind.</p> <p>We insure all our children can access our curriculum and make appropriate adaptations to our provision to support this.</p>
<p>In our Geography curriculum you will see children learning through exciting, engaging learning experiences</p> <p>Our geography curriculum is engaging and is an opportunity for our children use and interpret a wide range of sources of geographical information, including maps, diagrams, globes and aerial photographs. They often engage in hands-on activities inside and outside the classroom.</p>	<p>In our Geography curriculum you will see how we increase our children's Cultural Capital. This includes through planned trips and visits</p> <p>We arrange trips and visiting experts who enhance the children's learning experience. These experience add to the experiences and cultural capital for all of our children.</p>	<p>In our Geography curriculum you will see how we develop our children's language, including subject specific and technical vocabulary</p> <p>We teach or children geographical vocabulary which is appropriate and accurate and which develops and evolves throughout the school. We offer opportunities to build on, use and develop this vocabulary.</p>
